Love isn't just  
Somethin' to try  
No act of love  
Can satisfy

You've got to believe  
It's live or die  
To ask yourself the question  
"How can love survive?"

And if we try  
And it don't work out  
Like so many people do

It's just a fact of life  
No, we ain't in charge  
There ain't nothin' that's wrong with me  
Ain't nothin' that's wrong with you

Love's got nothin' to prove  
It's not up to you  
Two souls come into a world made  
Of time and space

Searchin' for the truth  
With nothin' but love to prove  
And find it in the gift of  
A moment of grace

Your heart is broken  
'Cause your love was untrue  
You're asking God  
"Oh why you?"

Oh, was it crazy  
Givin' all of you?  
You ask yourself the question  
"What more could I do?"

And if we try  
And it don't work out  
Like so many people do

It's just a fact of life  
No we ain't in charge  
There ain't nothin' that's wrong with me  
Ain't nothin' that's wrong with you

Love's got nothin' to prove  
It's not up to you  
Two souls come into a world made  
Of time and space

Searchin' for the truth  
With nothin' but love to prove  
And find it in the gift of  
A moment of grace

So it's somebody to tell you how  
You were a fool who just believed too much  
But in the end the fool, you'll come to know  
Is not the one who loved

Love's got nothin' to prove  
It's not up to you  
Two souls come into a world made  
Of time and space

Searchin' for the truth  
With nothin' but love to prove  
And find it in the gift of  
A moment of grace

Love's got nothin' to prove  
It's not up to you  
Two souls come into a world made  
Of time and space

Searchin' for the truth  
With nothin' but love to prove  
And find it in the gift of  
A moment of grace

Nothin', nothin', nothin', nothin' to prove  
Nothin', nothin', nothin',  
Nothin', nothin', nothin', nothin' to prove  
Nothin', nothin', nothin',  
Nothin', nothin', nothin', nothin' to prove  
Nothin', nothin', nothin',  
Nothin', nothin', nothin', nothin' to prove
