In the moment I first saw you
I could swear that we had met
The look in your eye was so familiar
Where and when, I forget

Whispered your name in introduction
Darling, my heart filled the room
And I knew it was you
Come back in my life

So we meet again, my long lost friend
Once again, we get to start a new
And it feels like a thousand years
I've been loving you

Girl have you been waiting here, for someone near
Searching the world for a friend
Come on in, I've been expecting you
Sweet reunion, welcome home again

How many lifetimes have I loved you
How many times have you loved me
The sound of your voice is in my memory
Like the wind, on the sea

The glow of your heart
Has been my lighthouse
I've followed it from distant shores
Now I won't be afraid to love anymore

So we meet again, my long lost friend
Once again, we get to start anew
And it feels like a thousand years
I've been loving you

And girl have you been waiting here, for someone near
Searching the world for a friend
Come on in, I've been expecting you
Sweet reunion, welcome home again

Whatever happens, nothing's ever going to be the
same

Now you'll find me here at last
Your love's released me from the past
My heart and soul have always remembered your name

Girl have you been waiting here, for someone near
Or searching the world for a friend
Come on in, I've been expecting you
Sweet reunion, welcome home again

I've always been loving you

Girl have you been waiting here, for someone near
Or searching the world for a friend
Come on in, I've been expecting you
Sweet reunion, welcome home baby

Come on in my girl
[Incomprehensible]
Come on in, I've been expecting you
I love you
