We will fly way up high  
Where the cool winds blow  
Or in the sun laughing having fun  
With all the people that we know  
If the situation should keep us separated  
I know the world won't fall apart  
You will free the beautiful bird  
Caught inside your heart

Can you see her oh she flies so proud  
Cast her wild wings over water and cloud

That's the way it's gonna be little darling  
We'll go riding on the horses yeah yeah  
Way up in the sky little darling  
If you fall I'll pick you up, pick you up  
If you fall I'll pick you up, i'll pick you up

You will grow until you go  
I'll be right there by your side  
And even then a whisper in a wind  
Will call me to you in the night.  
I hear all the people of the world  
In my one bird's cry  
I see them trying every way they know  
To make their spirits fly

Can you see her moonlight in her eye  
Coming from under my wing  
You were born to fly

That's the way it's gonna be, little darling  
We'll go riding on the horses yeah yeah  
Way up in the sky little darling  
If you fall I'll pick you up, I'll pick you up  
If you fall I'll pick you up...

That's the way it's gonna be, little darling  
We'll go riding on the horses yeah yeah  
Way up in the sky little darling  
If you fall I'll pick you up, I'll pick you up  
If you fall I'll pick you up...

I'll pick you up darling yeah!

We're gonna be riding on the horses baby...

We're gonna be riding on the horses baby...
