Have you ever wondered how you chose  
The life that you have led?  
How a million rivers run between the heart and the  
head  
It ain't easy, though  
You need to know  
The line between right and wrong  
You're stuck in the middle  
But when you're in it  
Some things are undeniable

Full throttle on a Saturday night  
Let's celebrate it  
Truth is I only came  
To see ya raise a glass, toast up tonight  
So glad you made it  
When it's so right  
It's so real  
If you ever wonder  
What you really feel  
No need to doubt it

[Chorus]  
It's an undeniable groove  
It's the only viable truth  
When it's real love  
There's no way you can lose  
It's an undeniable  
Totally reliable  
Undeniable groove

You're the harvest of  
A million years of evolution  
Let's celebrate it  
Every time ya try to make it, baby  
Ya start a revolution  
So glad ya made it

When it's so real  
It's so deep  
Truth is you could've done it in your sleep

No doubt about it

[Repeat Chorus]

But it's easy to freak when you see that your heart's  
Sittin' in the palm of your hand  
You're bound to doubt if you're where you belong  
But don't lose your head  
Because your heart knows where you stand

It's the better known trick  
Of biology ãçâ, ã" of magic ãçâ, ãœen theology

[Repeat Chorus]
