"There Is A Mountain"

Visit "[There Is A Mountain](#)" on MotoLyrics.com

(with daughter Hana)

First there is a moutain, then there is no mountain, then there is.

First there is a moutain, then there is no mountain, then there is.

The lock upon my garden gates a snail that's what it is.

The lock upon my garden gates a snail that's what it is.

First there is a moutain, then there is no mountain, then there is.

First there is a moutain, then there is no mountain, then there is.

Catipillar sheds his skin to find the butterfly within.

Catipillar sheds his skin to find the butterfly within.

First there is a moutain, then there is no mountain, then there is.

First there is a moutain, then there is no mountain,

Oh Juanita, Oh Juanita, Oh Juanita I call your name

The lock upon my garden gates a snail that's what it is.

The lock upon my garden gates a snail that's what it is.

Caterpillar sheds his skin to find the butterfly within.

Caterpillar sheds his skin to find the butterfly within.

First there is a moutain, then there is no mountain, then there is.

First there is a moutain, then there is no mountain, Oh

Juanita, Oh Juanita, Oh Juanita I call your name

Snow would be a blinding sight to see as it lies upon

the hillside, on the hillside Ohhh.

Everybody,

First there is a moutain, then there is no mountain, then there is.

First there is a moutain, then there is no mountain, then there is.

First there is a moutain, then there is no mountain, then there is.

First there is a moutain, then there is no mountain, then there is.

First there is a moutain, then there is no mountain, then there is.

First there is a moutain, then there is no mountain, then there is.

First there is a moutain, then there is no mountain, then there is.

First there is a moutain, then there is no mountain, then there is.

First there is a moutain, then there is no mountain, then there is.

First there is a moutain, then there is no mountain, then there is.

First there is a moutain, then there is no mountain, then there is.

First there is a moutain, then there is no mountain, then there is.
