Woke up this morning, in my hotel room
I saw a face on the wall, a picture of you
I remember what you told me baby, the night I left
home
You told me that you'd miss me, when you're all alone
I been missin' you
I've been missin' you too

Just last night, after my last show
Sittin' in the corner, all alone
Me and my guitar, pickin' the blues
Thinkin' of home, thinkin' of you
I been missin' you
I've been missin' you too
I been missin' you
I've been missin' you too

Now I'm headed back South, and it won't be long
I been countin' the days, since I've been gone
As we pass a house, and a little farm
I can't wait to have you baby, in my arms
Cause I been missin' you
I've been missin' you too
I been missin' you
I've been missin' you too
I been missin' you baby
