I love you - so much
Somewhere back in time you became a friend of mine
And day by day weve grown a little closer,
You're my spirit to be strong, a friend when things go
wrong
So I've written down these words to let you know

Loves grown deep, deep into the heart of me
Youve become a part of me
Let us plant the seed and watch it grow,
Loves grown deep, deep into the heart of me
Youve become a part of me.

As we travel down the road, side-by-side well share the
load
Hand-in-hand well see each other through,
Though weve only just begun, lets count our blessings
one-by-one
I thank God for life, I thank God for you.

Loves grown deep, deep into the heart of me
Youve become a part of me
Let us plant the seed and watch it grow,
Loves grown deep, deep into the heart of me
Youve become a part of me.

And as the seasons slip away, forever lovers we will
stay
Together, do-or-die, with all our hearts.

Loves grown deep, deep into the heart of me
Youve become a part of me
Let us plant the seed and watch it grow,
Loves grown deep, deep into the heart of me
Youve become a part of me.
