Blues in my heart oh how it aches nobody knows the  
sorrow it takes  
I should have known right from the start  
That you'd leave me with these blues in my heart  
Gone is the love I couldn't hold I feel like a lamb that's  
straight from the fold  
What can I say what can I do blues in my heart has got  
me this way  
[ steel ]  
Rain falling down down from the sky even the sun's  
beginning to cry  
Everything's wrong since we're apart I wish I could lose  
these blues in my heart

I wish I could lose these blues in my heart
