Pa de da da
Pa da da da da
Pa de da da
Da da da, da da da da

Take a look outside
Someone's killed a cat
In the city
That is all, there is to that
A man can die there
No one ever know his name

In the city
It's always been the same

Pa de da da
Pa da da da da

New York, you're a mother
And like no other

You been oh so good to me
I remember how you felt
When I was innocent
And I wanted you

Pa de da da
Pa da da da da

In the city
It's always been that way

Pa de da da
Pa da da da da

Take a look outside
Someone's killed a cat
In the city
That is all there is to that
