When The Darkness Calls Upon You
No Place To Take Your Heart To Hide
Only Memories For You To Fly Back To
Livin' Dreams You Feel Have Died

Come On Over To The Lovin' Side

Maybe You've Flown Too Far
To Find Your Way Back Again
But You'll Never Know What You Really Are
Till You Learn Just Where To Begin

Come On Over To The Lovin' Side
It's A Way Through Any Storm
Love Can Wash Away The Tears You Cry
It's Magical
So Warm

Come On Over

Maybe You Need Someone To Hold You
Someone To Take You To The Heart
You Only Hurt Cuz You've Never Be Interested
Nows The Time An The Place To Start

Come On Over To The Lovin' Side

Come On Over To The Lovin' Side
It's A Way Through Any Storm
Love Can Wash Away The Tears You Cry
It's Magical
So Warm

Come On Over To The Lovin Side
Come On Over To The Lovin Side
Come On Over
Come On Over To The Lovin Side
Come On Over
(Repeat)
