Take me take me to your darkest room close every  
window and bolt every door  
The very first moment I heard your voice I'd be in  
darkness no more  
Take me to your most barren desert a thousand miles  
from the nearest sea  
The very moment I saw your smile that would be like  
heaven to me  
There's not any mountain too rugged to climb no  
desert too barren to cross  
And darling if you would just show a sign of love I could  
bear it all  
Take me to Siberia and to coldest weather of the  
wintertime  
That would be just like spring in California as long as I  
knew you were mine

Yes that would be just like spring in California as long  
as I knew you were mine take me
