Let's not fight it anymore unpack the bags and close  
the door I'll never leave you  
Though you lied right from the start I can't convince my  
stupid heart  
Not to believe you  
You've got two good men strung out and there's not  
the slightest doubt  
That other men have loved you before  
But you work your thing so well I'll dream of heaven  
and live in hell  
Till I can't take it anymore  
If I had one ounce of pride I'd stand up or step aside  
but girl I love you  
So I'll accept the crumbs you drop cause I'm a fool and  
I can't stop  
Or rise above you  
Let him speak up for himself I speak for me and no one  
else  
Cause I'm a beggar knocking at the door  
Oh you work your things so well I'll dream of heaven  
and live in hell  
Till I can't take it anymore

[ steel ]

I'm too far gone to turn around to lift myself up off the  
ground and start all over  
Now he or I must win or lose no matter which one you  
may choose you'll be in clover  
While you're making up your mind I'll be praying all the  
time  
Praying that you won't be letting me go  
Oh yes you work your thing so well I'll dream of heaven  
and live in hell  
Till I can't take it anymore
