I hear the echo of your footsteps they're right in step  
with marching time  
Since you've walked out of my life and out of my world  
Please walk on out of my mind  
I know you're hidin' there in the darkness it's got me  
running scared and blind  
Since you've walked out of my life and out of my world  
Please walk on out of my mind  
You've got footprints all over my memories and I must  
erase them if I can  
You keep a stumblin' through my hopes and dreams  
Keepin' around my future plans  
You've got me a walkin' round in circles looking for  
something I'll never find

Since you've walked out of my life and out of my world  
Please walk on out of my mind
