It's funny how love goes cause I know this would never
work out
But honey how love grows even though there's no
reason to doubt
This can never be you keep saying it's wrong
Neither one of us is free still I wanna hold on.

When even a fool would let go 'cause he knows that
there's no use trying
Even a child says no when he knows he'll end up crying
Tell me now is it wise holding you when even a fool
would let go.

My love has no reason like the words in a song that
don't rhyme
My love got no season I just know that it's there all the
time
Maybe just you and me I can't believe that's wrong
Talking about you and me makes me wanna hold on

When even a fool would let go 'cause he knows that
there's no use trying
Even a child says no when he knows he'll end up crying
Tell me now is it wise holding you when even a fool
would let go.

When even a fool would let go 'cause he knows that
there's no use trying
Even a child says no when he knows he'll end up crying
Tell me now is it wise holding you when even a fool
would let go.
