You want things your way
And I want them mine
And now we don't know
Just where to draw the line

How can love survive
If we keep choosin' sides?
And who picks up the pieces
Every time two fools collide?

You lay the blame on me
And I, the blame on you
But why do we keep finding faults
In everything we do?

And how long can we keep right and wrongs?
So cut and dry
And who picks up the pieces
Every time two fools collide?

We can save our love
We still have the time
Oh, I know there must be a way
But we still haven't tried

To keep our hearts from breakin'
Every time two fools collide
To keep our hearts from breakin'
Every time two fools collide
