Life is good, love is better

Life is a hustle, every day struggle
Pushing your way at the top
Gotta keep it on track and never look back
And no, you don't dare stop

There's someone behind you, keeping an eye on you
Hoping you take a fall, a lady, she's liked to see me
more
But I can't slow down at all

She says, "Wow, I need some time alone"
I say, "No, we gotta keep pushing on"
She said, "Life is good, love is better"

My daddy, he always preached to me
You gotta reach for the sky
Make rain while the sun is shining
Boy, don't let it pass you by

Money and power is in your hand
You can do what you wanna be
Oh, my baby, she's got a different philosophy

She says, "Wow, I need some time alone"
I say, "No, we gotta keep pushing on"
She said, "Life is good, love is better"

Now I know my sweet lady must be heaven sent
I just cover the meaning of what she meant
I've been working so hard for the good life but I
headed all the while
I've found my hiding treasure, baby, right there in this
smile

I say, "Wow, seems we've spent time alone"
I say, "Wow, how our love has grown"
She was right all alone

I say, "Life is good, love is better"
