"Now And Forever"

Here we stand
Tracing the moments in our lives
Hand in hand
Facing the future of our lives
No one has ever been closer
I feel your heartbeat moving with mine.

Oh, love me, now and forever
Tell me, that you will never leave me
Now and forever stay and love me.

Face to face
I see my hope for tomorrow
Place to place
Lovely to wait for me to follow
No one could ever be nearer

Can't think of anyone else that I want to.

Love me, ...

With every measure of time
There's a thought of you
And knowing I'm all you want
'cos we make it through.

Love me, ...
