Undercover

Oh sweet darling, kick your shoes off,
Let your hair down, get in bed;
Come and lie down here beside me,
Chase the demons from my head

Oh this day has been a devil,
Come here angel make it right,
Undercover heaven's waitin,
Will you take me there tonight?

Undercover angels hover,
As we cuddle up in bed,
Undercover words are uttered,
Even poets never said,
Undercover I would rather,
Be with you than anywhere,
We are undercover lovers,
And I run to meet you there

Private eyes and private moments,
Private words and flying sparks,
Sharing fantasies and secrets,
Fiery kisses, racing hearts,
It's a sacred place we go to,
Magical and sexy too,
And when we go undercover,
There is only me and you

Undercover we discover,
There's another world inside,

Besides this crazy one we live in,
We can leave it all outside,
Go undercover

Come here darling let me hold you,
Jump in here beside of me,
When the world is blown to pieces,
You can always come to me,
Let me touch you, let me kiss you;

You don't have to say a word,
What you tell me with your body,
Beats all I've ever heard

Undercover angels hover,
As we cuddle up in bed,
Undercover words are uttered,
Even poets never said,
Undercover I would rather,
Be with you than anywhere,
We are undercover lovers,
And I run to meet you there

Come and lay down by my side,
Undercover heaven's waitin,
And we're going there,
Going there, going there right now
