Everybody's heart is torn and tattered
Mine was not designed for giving up
'Cos all I've ever done that really matters
It's what I did for love

So count me with the wounded and the shaken
Even when I'm barely standing up
I've tried to offer more than I have taken
It's what I did for love

What I did for love, what I did for love
And I hope that you can see
All that love is done for me

And when they sit and list the reasons I existed
I'm afraid it won't add up to very much
'Cos I gathered all I had and gladly rested
That's what I did for love

What I did for love, what I did for love
And I hope that you can see
All that love is done for me

Some day I may silently surrender
This old heart has finally had enough
But I hope that I will always be remembered
For what I did for love
