Life's winding road is maybe lonely
We may never pass this way again
So let's be friends

I know our problems come between us
But there's one thing you must understand
I wanna be your man

?Cause girl, I'm never gonna find that love
I'm never gonna find a dream
Without you in my life

I love those times we were together
You know I'll always need you by my side
To be my guide

Now all our cards are on the table
I should hope we play our aces well
But time will tell

?Cause girl, I'm never gonna find that love
I'm never gonna find a dream
Without you in my life
