Just look at you sitting there
You never looked better than tonight
And it'd be so easy to tell you I'd stay
Like I've done so many times
I was so sure this would be the night
You'd close the door
And wanna stay with me
And it'd be so easy
To tell you I'd wait
Like I've done so many times

Don't fall in love with a dreamer
Because he'll always take you in
Just when you think
You've really changed him
He'll leave you again
Don't fall in love with a dreamer
Because he'll break you every time

So put out the light and just hold on
Before we say goodbye
Now it's morning
And the phone rings and ya say
You gotta get your things together
You just gotta leave
Before you change your mind
And you know
What I was thinking I'd turn around
If you'd just ask me one more time

Don't fall in love with a dreamer
Because he'll always take you in
Just when you think
You've really changed him
He'll leave you again
Don't fall in love with a dreamer
Because he'll break you every time

So put out the light and just hold on
Before we say goodbye
