Please say, you want me to  
(To be your love)  
I have always wanted you  
(To be my love)

Since the stars up in the sky  
(You'll realize)  
Then you will realize  
(That you belong to me)

I have cried so much for you  
(For you, my dear)  
I have almost died for you  
(For you, my dear)

I hope you do decide  
(To be my love)  
Then you will realize  
(That you belong to me)

Please say that you love me  
(You love me, you love me)  
Please, be mine  
(You love me, you love me)

Please say that you care for me  
(You love me, you love me)  
Then I'll stop this crying over you

Please say you want me to  
(To be my love)  
I have always wanted you  
(To be my love)

Since the stars up in the sky  
(You'll realize)  
Then you will realize  
(That you belong)  
To me
