Tears to a smile it's a brand new day
Roads take a turn I think I found my way
Words don't always say what they mean
Whisper a prayer, what will it bring, what will it bring
now?

[Chorus:]

And I feel, feel so alive
When I'm with you
Everything's fine
Yeah I feel, feel so alive

I want to fly but I ain't got wings

I want to sing the song you sing
'Cause when I'm with you well I feel

[Chorus:]

Yeah I feel, feel so alive
When I'm with you
Everything's fine
And I feel, feel so alive

[Chorus:]

And I feel, feel so alive
When I'm with you
Everything's fine
Yeah I feel, feel so alive...
