I found love when i found you  
When i look in your eyes, i know it's true  
My life was lonely, broken and blue  
Then i found love, when i found you.

Once in a lifetime, that's how it feels  
Something so good (so damn good)  
How can it be real  
Girl, when you touch me  
You touch me through and through  
I know i found love when i found you

Girl, you've got all of me  
And i want you to know  
There's nothin' in this crazy ol' world  
Could make me wanna let you go.

Cause i found love when i found you  
Every time i look in your eyes, i know it's true  
Girl, when you touch me,  
You touch me through and through  
I know i found love, when i found you.
