Ooh yeah

Long before your rusted chains  
Busted walls and barb wire cage  
Tried to hold me down

And time was just a fist of change  
Tossed in the water just in case  
You ever came around

I could lose myself  
I could curse like hell  
But I've lost the will  
To even try

If you ever doubt  
Listen to the sound  
No lies, no no no  
This is my last goodbye

Now pardon me if I appear  
To see beyond the now and here  
To try to save myself

I'm not the kind to pin the blame  
But I can't take more of the same  
Livin' on your shelf

I could lose myself  
I could curse like hell  
But I've lost the will

To even try

If you ever doubt  
Listen to the sound  
No lies, no no no  
This is my last goodbye, oh yeah

Door closes  
Another one opens  
I feel the cold wind blowin' over me

Hey, long gone but not forgotten  
I might be lost  
I might be finally free  
I'm finally free

Long before you're rusted chains  
Busted walls and barb wire cage  
Tried to hold me down

And time was just a fist of change  
Tossed in the water just in case  
You ever came around

I could lose myself  
I could curse like hell  
But I've lost the will  
To even try

If you ever doubt  
Listen to the sound  
No lies, no no no  
This is my last goodbye

This is my last goodbye  
Yes it is, yes it is
