"Be Mine"

The lady's eyes are blue and red
When she walks by everybody turns their head
Dressed in colors nature's queen
The sweetest little thing you ever did see

[Chorus:]

There's a light in the sky
Says you're gonna be mine
Yes I knew all the time
You were gonna be mine

I want to know about pleasure and pain
Once you get in you ain't never the same
Who's to blame if you get hurt
Got nothing to lose if it never was yours

[Chorus:]

There's a light in the sky
Says you're gonna be mine
Yes I knew all the time
You were gonna be mine

Singing La La La

Don't give up it ain't your scene
Open your eyes and hear the scream
A couple of words is all you need
Before you know it you'll plant your seed
What's your will
And will you get your fill

[Chorus:]

There's a light in the sky
Says you're gonna be mine
Yes I knew all the time
You were gonna be mine
