Girl, I see you in my dreams
It happens every day and night now
Got me going to extremes
Don't seem to care what's wrong or right now
Make ya mine Someday
Somehow, Somewhere, Someway
You say I'm really not your kind
Guess I look a little rough now
If I could give you everything, girl
Would it ever be mine someday
Somehow, Somewhere, Someway
Makes me wonder what's goin' on
When the night rolls in
Something happens that feels so strong
And I just can't pretend
Don't you wonder what's goin' on
When the night rolls in
Something happens that feels so strong
And it will happen again
So, you can turn and walk away, But I know you
Would regret it If I ever had my way Do you think
You could forget it Gonna happen someday
Somehow, Somewhere, Someway You'll be mine
Someday Somehow, Somewhere, Someway
