Lightening in a bottle
Held it in my hand
Pushing down the throttle
I drink and try again
Baby Im addicted
I just can't get enough
Build a wall around me
I wont rise above
No one makes me feel the way
Feel the way you do
No one else could make me say
Say these things to you
I feel something kind of dangerous
I wish I knew what it was
Babe lets get together for some wild love
Wild love
Goin off the deep end
Youve got me hypnotized
Fist you took my sanity
Now you want my pride
Girl I wanna see you
See you in the flesh
Im out here on a wire, baby
And they're cutting down the net
No one makes me feel the way
Feel the way you do
No one else could make me say
Say these things to you
I feel something kind of dangerous
I wish I knew what it was
Babe lets get together for some wild love
Wild love
It don't take long
But I just can't wait until that feelings gone
I don't mean to scare you away
Or try to push you away
But somethings got a hold on me
And it's going away
No one makes me feel the way
Feel the way you do
No one else could make me say
Say these things to you

I feel something kind of dangerous
I wish I knew what it was
Babe lets get together for some wild love
Wild love
Wild love
