Silence, listen
Write it down, take it in
I was never interested in shadows,
they've nothing for me.
And i will never be your shadow though you look right
through me.
This is not the way to live a life, it's not a life.
It's just a way of wasting time, I wont waste time.

Cause you give up...
On everything...

Thrown away, your only chance to ever know me in and
out.
Im shutting down now.
If i was the best thing ever for you, you wont see cuz its
gone now.

I can hear the things you say, all your complaints.
Where's tomorrow? I hate today, wont this go away?
But while you shut your eyes, it's passing by. I'll wave
goodbye.
But its not me thats on your mind. Am i on your mind?

You give up...
On everything...

Thrown away, your only chance to ever know me in and
out.
Im shutting down now.
If i was the best thing ever for you, you wont see cuz its
gone now.

One more last chance
Makes no difference
They're all the same...
They're all the same...

One more last chance
Makes no difference
They're all the same...
They're all the same...

Thrown away, your only chance to ever know me in and
out.
Im shutting down now.
If i was the best thing ever for you, you wont see cuz its
gone now.

I'll watch you throw this away.
oh dont you throw it away.
one day it will be worth it.
Oh don't you throw this away
I know it's worth it to you
Oh no, oh no
