Y'all want this party started, right?
Y'all want this party started quickly, right?

Play that beat, play that beat, bang
Play that beat, play that beat, bang 'em
Play that beat, play that beat, bang
Play that beat play that beat, bang 'em

Go go, here we go, go go, here we go
Go go, here we go, ah, freedom
Hit me, slam it baby

Enter the jam the party is packed and I rapped
Girls walk through wall, there's my man hangin' out at
the back
Till I cruise, slide through the dance floor
I've never seen the club so hyped before
Get on the mic if you're bored
Back to back, front to front, door to door

Everybody dance to the new sound rock 'n roll
Soul to soul, I bring it all down
From the bottom to the top, from the top to the bottom
Hmm, I've got 'em
People everywhere they jump, they swing their hair
They shake their derriere, oh yeah
So loosen your body and let me take control, let's rock
'n roll

Here we go, here we go
Here we go, here we go, here we go
Here we go, here we go
Here we go, here we go, here we go

We're gonna rock 'n roll, we're gonna move this sound
We're gonna make a groove, everybody move
Everybody movin' yeah, everybody move, yeah, ah
Freedom

Whenever your at the club or dance to rap or acid
Come on get with it, that's it, throw your hands in the

air
Scream go go go, rock 'n roll will go with the flow, yo
Whenever you develop into a new form
Break the norm get warm and then swarm
Come back again, give it up and transform
From B B King to Bo Diddly, Ed Sullivan

Remember Eddy screamed to be seen with The Beatles
And the Jackson Five, The Who, The Doors
The Rolling Stones and even Oz dabbled the bit to get
rich
Helpin' the dude that is legit
Your parents dished it back in the days
The same way they dished crap, are you amazed?
So DJ's, let's rock 'n roll

Slip in da, da, da, yeah
Play that rock 'n roll, rock must come and soul
Get on up and dance, yeah
We're gonna rock 'n roll, we're gonna move this sound
We're gonna make a groove, everybody move
Everybody movin' yeah, everybody move, yeah

Get on up, get on up, get on up
Get on up, get on up and dance, yeah
Play that beat, play that beat, bang
Play that beat, play that beat, bang 'em
Go, go, go ah, Freedom

On the dance floor, that's where we all get raw
Like a kid in a candy store, so get up, get out
Of your seat and arise everybody
Everybody up and get live, The C & C Music Factory
Mastery and full of jams that has to be
Pumped till your ears get sore
Live from Brooklyn out to the California sea shore

We came to rock 'n roll, to get on down
To something funky with soul
Rob and Dave seduced it, and I juiced it
Spruced it, mass produced it and you proofed it
Party people, are you havin' a good time?
And singin' along with my rhyme
Disco's out for the young and took the old, let's rock 'n
roll

Here we go, here we go
Here we go, here we go, here we go, let's rock 'n roll
Here we go, here we go
Here we go, here we go, here we go, go ahead baby

We're gonna rock 'n roll, we're gonna move this sound
We're gonna make a groove, everybody move
Everybody movin' yeah, everybody move, yeah
Go go, here we go, go go, here we go

We're gonna rock 'n roll, we're gonna move this sound
We're gonna make a groove, everybody move
Everybody movin' yeah, everybody move, yeah
Here we go, here we go
Here we go, here we go, here we go

We're gonna rock 'n roll, we're gonna move this sound
We're gonna make a groove, everybody move
Everybody movin' yeah, everybody move, yeah
Play that beat, play that beat
Play that beat, play that beat

Get on up and dance, yeah
Rock 'n roll to please your soul
Rock 'n roll to please your soul
Rock 'n roll to please your soul
Rock 'n roll to please your soul, yeah
