Things that make you go mmm

I was in the crib, stickin' by the fireplace, Drinkin' cold  
coke on the bear skin rug  
Doorbell rang, who could it be, Thought to myself then  
started to shrug  
Got to the door, ding-dong, who is it? My girl's best  
friend had paid me a visit  
Sly as can be, tight dress an' all, She knew that I was  
faithful, I really didn't have to go  
I tried to chill, she made the move, now I know my  
girlfriend wouldn't approve  
I didn't realise my girl was settin' me up, Yo my  
girlfriend didn't trust me, no  
Yeah but she lost control and I went and take the bait  
I said chill baby-baby, chill baby-baby, wait  
My girl must think ?.....? , She said Girlfriend -

Things that make you go mmm (Things that make you  
go mmm)

Things that make you go mmm, yeah-eah-eah

Things that make you go mmm-mmm-mmm (Mmm)

The things that make you go mmm-mmm-mmm

Here's how it started, just an example of how another  
brother can trample

When you light sleep with your wife, watch over hon',  
there was a friend of mine named Jake  
He'd come over late at night and say Hey, I'll watch a  
fight

I thought it was alright 'cause me and Jake, we were  
really really tight

So damn close we're the same blood type

Months went by and my wife got big, we were havin' a  
child and I got another gig

So I let Jake move in the crib and chill, he had his own  
room and helped pay the bills

The time had come for baby daughter to see, It looked  
like Jake and I couldn't believe

Before my eyes in the delivery room-room

Things that make you go mmm (Things that make you go mmm)

Things that make you go mmm-mmm-mmm-mmm

Things that make you go mmm, mmm (Things that make you go mmm)

The things that make you go mmm-mmm-mmm

Robby-Rob break it down-down-down

Give it to me, give it to me, give it to me .....

Seventeen and I was havin' a ball, Eleventh way and Joe, I know it all

I fell in love for the very first time, with this girl, she really blew my mind

In a sense, and a whole lot o' class, the style that could give you whiplash

We said hello and my heart beat stops, She was the world and I was on top

As time went by she filled my universe, We made love, she said I was the first

My boy kept tellin' me, yoh, I don't know, I think your girl's been playin' tic-tac-toe

I'll ask my girl, I know she only loves me, Wasn't I the one who took your virginity

The look on her face, red so, and then she said Hey! why you guys always ask -

Things that make you go mmm (Things that make you go mmm)

Things that make you go mmm-mmm-mmm-mmm

Things that make you go mmm, mmm (Things that make you go mmm)

It's the things that make you go mmm-mmm-mmm

\*\* (Repeat this line 3-4 times for "Best Singles Of All Time" version

Hey ladies have you ever had a man go away for business, come back with a tan

He comes home late at night from work, you cook him dinner, now you feel like a jerk

Sayin' he didn't have time to eat and his not even hungry, he wants to be treat

In the bedroom he said his head hurts, your only makin' love in radical spurts

Mysterious calls and the phone goes click, you say to yourself, I'm gonna hit him with a brick

Ain't no way he could be cheatin' on me, I wonder who bought him those DVDs

Dressed to a tee, to go hang with the fellas, over the guys and I'm gettin' jealous

Comin' home late, smellin' like perfume-fume

Things that make you go mmm (Things that make you go mmm)

Things that make you go mmm, oh-oh-oh, yeah-eah-eah

Things that make you go mmm, oh-oh, oh-oh-oh, oh-oh-oh(Mmm)

It's the things that make you go mmm-mmm-mmm (Mmm-mmm-mmm)

Things that make you go mmm (Things that make you go Hmmm)
