It's all that I know, it's all they've told us
A grasp at the gold is all that holds us
Down

This town is vile, its words are weak.
Still I contemplate and fall before its feet

Go down in style, head down the deep
You will never know what you just did to me
You'll never know what you just did to me

It's all that I know, it's all they've told us
A grasp at the gold is all that holds us
Down

We fake a smile, our noses bleed
With a losing hand disguising our defeat

You're in denial, so hard to reach
You will never know what you just did to me
You'll never know what you just did to me

It's all that I know, it's all they've told us
A grasp at the gold is all that holds us
It's all that I know, it's all they've told us
A grasp at the gold is all that holds us
It's all that I know, it's all they've told us
A grasp at the gold is all that holds us
Down
