Friendly fire on the horizon
I'll stay close behind decide which side are you on
Whose side are you on?
I'll stay put and I'll disguise my treachery
With more white lies
Whose side are you on?
Whose side am I on?

So it seems
The hatchet in our hands is used immediately
To cut off all loose ends
Just to breathe easily
No time for taking chances, we need certainty
Our fingers through the fence and we shall

Disappear from the face of the earth
We don't want you here
Or your voices to be heard
I'll disappear from the face of the earth
Meanwhile, we will watch the

Friendly fire on the horizon
I'll stay close behind decide which side are you on
Whose side are you on?
I'll stay put and I'll disguise my treachery
With more white lies
Whose side are you on?
Whose side am I on?

It seems to me
The ever-present restless lack of honesty
Is leading us into a state of agony
No time for taking turns we're simultaneously
Pointing out our friends and foes

Disappear from the face of the earth
We don't want you here
Or your voices to be heard
I'll disappear from the face of the earth
Meanwhile, we will watch the
