Summertime
Im the silence as the wind blows
My land is your land we are free
Summertime
If you listen close you hear my teardrops fall
My dream is yours

Chorus:
I have time on my side
Making diamonds of coal
She put a hole, through my kevlarsoul
and my heart slowly dies
It gets lonely and cold
She put a hole, through my kevlarsoul

Summertime
I am violence as the rain falls
My land is my land only mine
Summertime
If I listen close I hear your teardrops fall
Your dream is mine

Chorus
