I feel like everybody said I would feel  
It's over now, so kill the lights  
I need what everybody said I would need  
I'm tied uptight by your china voice  
That always broke when I made you sad  
Stay with me stay  
Don't leave in this way  
Stay with me stay  
I'll do whatever you say  
I do what everybody said I would do  
It's over now, so kill the lights  
I go where everybody said I would go  
Like a weeping child, were you the only one  
That made it feel right being me  
Stay with me stay  
Don't leave in this way

Stay with me stay  
I'll do whatever you say  
And like today awaits tomorrow  
And like tomorrow needs today  
I need your simple words to follow  
I'll do whatever you say  
Stay with me stay  
Don't leave in this way  
Stay with me stay  
I'll do whatever you say  
Stay with me stay
