Some days, I sit and think of heaven
Since we said our last good-bye
You asked me, will I be there with you
When god is finished with my life

Chorus

Running along the golden streets
Falling in awe at jesus' feet
Lifting our praises to, to god upon the throne
I'm just dreamin bout home

I can't wait, to tell you my decision
I'm in christ because of you
Your faith, lead me to the savior
And one day I'll be with you

Chorus

Some days, I sit and dream of heaven
Knowing I will be with you
