"I Seek Your Face"

Visit "[I Seek Your Face](#)" on MotoLyrics.com

I come into this place, my scars are sore my wounds
are open
I seek your face, I come completely broken

Chorus

I know you love me, I know you care
I fall before thee, you are there

Lord take me as your own, all that I am all that I could
be
My flesh and bone, and make me what it is I should be

Chorus

Bridge

I seek your face
I seek your face

I know you love me, I know you care

I come into this place, my scars are sore my wounds
are open
I seek your face
