Lord you know inside I'm dying, trying hard to do my best
But it seems I'm always falling, when I come across a test
So tell me what am I supposed to do
When I do the things that I don't wanna do

Chorus

I think about hope, that's amazing
I think about grace that saved me
I think about all the things that you have brought me through
So when I fall the first thing that I do
Is think about you, is I think about you oh lord

Lord create in me a pure heart, that's where I will find my rest
It's because you choose to love me, that I'm forever blessed
But at times I fall and don't know what to do
It's at times like this I've gotta run to you

Chorus

Bridge

(I think about you) and the hope that makes me whole
(I think about you) and the grace that saved my soul
(I think about you) and what you've done for me

Chorus
