"Saved"

I've been calmed by words of mercy,
I've been shown the light of faith
I've been held by your goodness
And I've rested in your grace

Chorus

I am saved, yes I am saved, by the precious blood of
grace
I am saved, yes I am saved, by the power of your name

I've seen my share of trials
Been loaded down with care
I've walked down the road of darkness
And I saw you hanging there

Chorus

Bridge

Lord you've done everything, to put me in this place
I have done nothing, but receive your bloodshed grace

Chorus
