No matter what end of the Earth
I find myself on
Or how deep the ocean is there
Now matter how long
I keep to myself
I'm never outside of Your care

You're there
You're there
You're there

So many travels
Have taken me far
From family
From church
And from home
The one constant thing
I know in my heart
Is that I am never alone

You're there
You're there
You're there

You're there
You're there

Always there for me
Meeting every need
Now and all eternity
Closer than a friend
Time and time again
You have shown Yourself to me
Just when I know I have outsmarted myself
And end up away from the road
You pick me up and then You pull me in
You help me carry the load

You're there
You're there
You're there
