Meet me at the reggae bar after the sun goes down
No timing wrong when the timing is right so long
Chilling in the Cape Town sun
Meet me at the reggae bar after the sun goes down

Chorus
Hi Hi Hi Hi
Hi Hi Hi

High my love, High my love high my love, high my love

Verse 2
Quick like a rasta man can be
Across the islands and into the sea
Isn't this how life was meant to be
This is better than life
Technology has made it easy
Now you're not so far away from me

Chorus
