You could let me in
Let me under your skin
Tell me where to begin
It'll be alright

You could smile at me
Show me who we can be
Let the love inside free
It'll be okay

Chorus
Sooner than later, circumstances beyond your control
Sooner than later circumstances within your control

Harmonica

We should open up more
Welcome sign on our door
No more hate, fear or war
It's be okay

BRIDGE

Could we start again at the end, no more need to
pretend
To the Universe our love we send

Chorus
Sooner than later
Circumstances beyond your control
Sooner than later
Circumstances within our control
Sooner than later
Circumstances beyond your control
Sooner than later
Circumstances within our control
