Dizzie Miss Daisy, your telephone is ringin'  
No one can ever catch you home  
You're probably in the back  
Bakin' up your bread  
You spend too many nights alone

Dizzie Miss Daisy, the queen of Austin-Tracy  
Just west of Fountain Run  
Don't lock yourself away from me  
Come on, Miss Daisy, let's have some fun

Dizzy Miss Daisy, you're the cream of the crop  
I'd love to do the milkin' for you  
You got me hittin' my thumb with the hammer at night  
And in the day, I do the same thing too

Dizzy Miss Daisy, you know you drive me crazy  
You got me goin' out of my mind  
I wish I could turn back the hands of time  
And help you find the love you - you left behind

Wet ourselves down with the water hose  
Run through the garden where the rhubarb grows  
I loved you then - and I always will  
Only Miss Daisy knows - just how I feel

Dizzy Miss Daisy, now can't you hear me knock?  
I've come to fix the bird in your coo-coo clock  
Dizzy Miss Daisy, like a child to me  
You don't know what to do with the garden, see?

Dizzie Miss Daisy, the queen of Austin-Tracy  
Just west of Fountain Run  
I wish I could turn back the hands of time  
And help you find the love you - you left behind
