Top of the world

You know, you and I  
Should get together  
Real, real, soon  
I wanna take you somewhere

And if you don't mind  
The thought of you and I alone  
I'll think you'll enjoy  
Kick back, relax, let down your hair  
I'll take you to the top

Top of the world  
Top of the world  
Top of the world  
And I won't bring you down

Top of the world  
Up, up and away baby  
Top of the world  
Top of the world

It won't take a long time  
To get to know you better  
I got all night  
We can go upstairs and fuck a lil' while

Baby, it's just you and I  
Can I get close to you  
Honey, I wanna take you somewhere  
I wanna take you

I wanna take you to the top of the world  
Can we go on and on, and on and on, and on?  
Ooh, come on baby  
Aw shucks

Top of the world  
Top of the world  
Top of the world  
Top of the world

You know you, baby  
You look like somebody  
I use to fantasize about  
For a very long time, baby

If you don't mind  
I wanna take you  
And if you don't care  
I wanna take you

I wanna go there  
I wanna take you  
I wanna take you to the top of the world
