[1]

In a ime long ago
And a place no one knows
It was such a different world
A place of gold, diamonds and pearls

[2]

You were the queen
Of a land no one's seen
10.000 years
A lifetime without tears

[3]

We ruled together all worldwide
We ruled together with passion and pride
Our people's blood was never spilled
To see our powers or lives fulfilled

[4]

Land of shadows, Land of shadows
In the Land of shadows

[repeat 1]

[5]

We shared the laughter
We felt no pain
We were the masters
We shared the fame

[repeat 2]

[6]

All our people, they lived in peace
All our peoples, both west and east
The Gods showed favor, through our reign
Until we returned, from whence a came

[7]

Land of shadows, Land of shadows
Dream world of shadows
A kingdom of shadows
Queen of shadows, King of shadows
Land of shadows
