Darling, I will remember, darling  
I've been mellow and tender  
I've seen water by the cathedral  
Under the maple it was in April  
You wore a raincoat by the cathedral  
I wasn't able, I was unable

Someday, you will forgive me darling  
Someday, you will believe  
That, I've seen thunder by the cathedral  
Under the maple it's was in April  
You wore a raincoat by the cathedral  
I wasn't able, I was unable

Darling, I will remember, darling  
I've been mellow and tender  
I've seen water by the cathedral  
I've seen thunder but I wasn't able darling
