Don't say nothing, I speak for two
I'll do the lying you just walk through
It ain't no crime, that's what we do
Ain't that what we do?

There are no victims, there is no truth
We take their money, they take our youth
It ain't no crime that's what we do
Ain't that what we do?

Baby, I won't trade your million dollar smile
Won't let them take your most particular style
But let's give them something to remember you by, oh
my

A skillful fooling, that's all I have
I promise kisses but not to love
It ain't no crime that's what we do
Ain't that what we do?

Baby, I won't trade your million dollar smile
Won't let them take your most particular style
But I'll give 'em something to remember you by, oh my

Don't say nothing, I speak for two
I'll do the lying you just walk through
It ain't no crime, that's what we do
Ain't that what we do?

Ain't that what we do?
Ain't that what we do?
Ain't that what we do?
Ain't that what we do?
