One day without you
Without you
My love
One day without you
Without you
My love

How I long for your skin
'Cause my lips barely grin
And the day must begin
My love
Can't imagine your face
In a far hidden place
Please be home before grace
My love

One day without you
Without you
My love

There's a road far ahead
And many things to be said
For the young newly wed

My love
'Cause a day is like a year
When you're no longer here
I just wanna be near
My love

How I long for your skin
'Cause my lips barely grin
And the day must begin
My love
Can't imagine your face
In a far hidden place
Please be home before grace
My love

One day without you
Without you
My love
