New York swinging
Paris springing
Hamburg winging
London ringing

LA singing
Sofia stinging
Venice spinning
Singapore slinging

Dreams are plenty
More than plenty
But heart is empty
Heart is empty

Truth don't matter
The past don't matter
Nothing matters
But love

Fate is somewhere
Underwater
In the blue and silver
Of the Jordan river

Dreams are plenty
More than plenty
But heart is empty
Heart is empty

The bus is swaying
My cats are straying
Guitar is playing
Mama's praying

Truth don't matter
The past don't matter
Nothing matters
But love
