Oh, yeah, oh
You love me, love me, love me
Oh

So long my lovesick youngsters
Goodbye my used to be friends
I remember each vacation
Each day we wasted, it felt so different then

So long my Casanova
Farewell to my long lost prince
I remember all the kisses, the hits and misses
I never knew a love like this

After all the boys that I thought I loved before
I didn't know what love was 'til you knocked on my door
After all the boys that I wish had loved me more
I didn't know what love was, never had this before

Say you love me, love me, love me
You love me, love me, love me
Didn't know what love was
Until you loved me, loved me, loved me

Oh yeah, you love me, love me, love me
Oh, you love me, love me, love me
Didn't know what love was
'Til you knocked on my door

So long my traveling soldiers
Reminisce about the boy 'cross town
Peace to the wide eyed genius
With Hollywood dreams
Said he never one to be tied down

So long my high school teacher
Damn, I had a crush but I couldn't reach
Remember all the guys, they were never right
I'm so glad I found you this time

After all the boys that I thought I loved before
I didn't know what love was 'til you knocked on my door

After all the boys that I wish had loved me more
I didn't know what love was, never had this before

Say you love me, love me, love me
You love me, love me, love me
Didn't know what love was
Until you loved me, loved me, loved me

Oh yeah, you loved me, loved me, loved me
Oh yeah, you love me, love me, love me
Didn't know what love was
'Til you knocked on my door

Oh, when I didn't know, I did not know till you let me
know
And I didn't see, I couldn't let it be this happy
And I never loved in a way that I do today
Oh, I'll never be the same since your loving came my
way

Oh, say you love me, love me, love me
You love me, love me, love me
Didn't know what love was
Until you loved me, loved me, loved me

Until you loved me, loved me, loved me
Oh, you love me, love me, love me
Didn't know what love was
'Til you knocked on my door

Say you love me, love me, love me
You love me, love me, love me
Didn't know what love was
Until you loved me, loved me, loved me

Oh yeah, you love me, love me, love me
Love me, love me, love me
Didn't know what love was
'Til you knocked on my door
